Fifth Third 529 Savings Account	09-01-2005	Current APY (1)	The performance data shown represents past performance, which is not a guarantee of future results. Investment returns and Unit value will fluctuate, so the Units, when sold, may be worth more or less than their original cost. Performance is shown at Net Asset Value (NAV), which represents performance of the Investment Option reflecting plan expenses and those of the underlying mutual funds. "Blended Index" is a customized index composed of market indexes for the mutual funds in an Investment Option, weighted according to relative target allocations for the funds. (1) The Annual Percentage Yield (APY) is based on balance amount. Rates may change at any time. (2) All APYs shown assume CDs remain on deposit until maturity. A penalty will be imposed for early withdrawal; early withdrawal fees may reduce earnings. Rates may change at any time. CD rates as of 12/31/21. For current Investment Performance data, which may be higher or lower than that cited above, please visit CollegeAdvantage.com. DFA - Dimensional Fund Advisors N/A - Not Available
